WALDORF WORKS

"If you've had the experience of binding a book, knitting a sock, playing a recorder, then you feel that you can build a rocket ship-or learn a software program you've never touched."
Peter Nitze, Waldorf and Harvard graduate, Director of an aerospace company

When approached by the news media and asked the question, "What did Waldorf education do for you?" Norwegian Prime Minister Jens Stoltenberg replied, "It encouraged me to always strive to become a better human being."
